Green Proposals takes our customers' privacy seriously. This policy reflects the type of information we collect, what methods are used by Green Proposals to protect that information, and how it is used with regard to our system.

At Green Proposals, we intend to give you as much control as possible over your personal information, including your Registration Data. We intend to give you as much control as possible over how your data is used.

ANONYMOUS ACCESS

You can access our web site home page and browse our site without disclosing data about you. However, statistical information such as your IP address and which pages you have visited will be collected for historical and statistical purposes only.

Cookies: Green Proposals uses "cookies" to provide a user with customized information. A "cookie" is an element of data which a service or site, when visited by a user, sends to that user's browser, which in turn, may store that element on the user's hard drive or memory. Green Proposals uses cookies to better serve those who sign-up to use our Services.

DATA COLLECTION and PURPOSE SPECIFICATION

We collect the data that you may voluntarily provide while using our services.

We do not collect information about visitors referred from sources such as public records or from regulatory bodies or private organizations.

DISCLOSURE and VISITOR CHOICE

Green Proposals maintains two distinct user data bases: Vendors and Government Agencies.

Contact information about vendors is available to Government Agencies for the purpose of increasing webinar and bid participation. Government agencies may also provide Green Proposals with information regarding vendors they want invited to participate in webinars and bids. Green Proposals does not sell or disclose any other information, including email addresses, to our subsidiaries or any other private entity, except when required by law.

All vendors and agencies within Green Proposals' system are verified and activated individually. Anonymous, un-verified registrations are not allowed. This helps ensure the legitimacy of the information provided and the interactions between agencies and vendors. Please report any suspected violations to privacy@greenproposals.com immediately.

CONFIDENTIALITY and SECURITY

We give you the option of using a secure transmission method to send us the following types of data:

- * primary personal data (such as name and contact details)
- * identifiers (such as web site password, etc.)

We have implemented security policies, rules and technical measures to protect the data that we have under our control to protect it from:

- * unauthorized access
- * improper use or disclosure
- * unauthorized modification
- * unlawful destruction or accidental loss

All of our employees and data processors who have access to or are involved with the processing of data are obliged to respect the confidentiality of our visitors' and users' data.

PRIVACY POLICY ENFORCEMENT

If you feel that there are violations of this Privacy Statement, please contact us at privacy@greenproposals.com. Please include "Privacy Statement" as part of the subject line of your message. Green Proposals is committed to ensuring that this policy accurately reflects how your data is used and collected within our site.

UPDATES TO THE PRIVACY POLICY

To update the Privacy Statement, we will post the changed version and its effective date at <http://www.greenproposals.com/help/Privacy.html>.
